

Quick Use & Care Guide

O'Bright Gold Rechargeable LED Dome Table Lamp · Model OB-TL01B · Gold part number OB-TL01B-GD

Key specifications

Gold polished finish; compact dome shape; 4.5 × 4.5 × 8 in (11.4 × 11.4 × 20.3 cm); integrated soft-white 3000 K LED listed; rechargeable 1500 mAh lithium-ion battery listed; touch control with three brightness levels (20%, 50%, 100%). The product guide lists up to 48 hours on the lowest setting; runtime varies with brightness and battery condition.

Setup and operation

- 1 Place on a stable, level surface indoors.
- 2 Charge with the cable and adapter specified in the package instructions. USB Type-C charging is listed in the product guide.
- 3 Tap the touch sensor to cycle through the three brightness levels.
- 4 Use as accent or bedside lighting; it may not replace task lighting for detailed work.

Cleaning and safety

- Switch off and disconnect charging power before cleaning.
- Wipe with a soft, dry or slightly damp cloth. Avoid abrasive pads, solvents and harsh chemicals.
- Keep away from liquids. A waterproof rating has not been verified for this exact item.
- Stop using the lamp if the body, battery or charging equipment appears damaged.

Important: This LightDecorHub quick reference does not replace the manufacturer's instructions. Check the actual product label and package for included accessories. Source specifications differ on the base material, so confirm it from the delivered item.
